

#### Welcome

We love this time of year — not just because we're back to school and getting into the holiday spirit, but because we have so much to share with you! It's like Christmas Day, all season long. We're always looking for new ways to surprise and delight you, and we hope you find a lot to love in this new catalog.

The new *Lampshade Collection* will change the way you think about warmers. These intricately designed warmers create a fresh Scentsy experience, pairing your Scentsy fragrance with luminous light beaming through delicate hand-blown glass. Who said warmers had to be ceramic?

We went "lights out" with another exciting warmer line. You told us you adore Scentsy Warmers, but sometimes want to warm your favorite fragrance without the light. Introducing: Element Warmers. Element Warmers use a heating element to gently heat Scentsy wax without a lightbulb! They are perfect for offices, dorms, and bedrooms.

We hope you find solutions for all your gift-giving needs with our convenient Gift Bundles! We've included something for every member of the family, from newlyweds to home chefs to new parents.

Take a moment to enhance this cozy, festive time of year with your favorite Scentsy Fragrance products.

Heidi & Oxnille

Heidi & Orville Thompson

The Thompson Family

#### The Scentsy Story

It started with a fragrance ... Banana Nut Bread, to be precise, melted in a decorative ceramic warmer by the heat of a single light bulb. It filled the Thompson home with the scent of ripe bananas, nuts, and spices, together with the stories and laughter that come with reminiscing.

Heidi and Orville Thompson knew they had something special; something that could bless the lives of others and bring value to the world — something worth an investment of their resources, their time, and their passion. What could they do but leap in wholeheartedly?

Today, nine years later, passionate micro-entrepreneurs join the Thompsons in sharing the Scentsy experience and the Scentsy difference throughout the United States, Puerto Rico, Guam, Canada, Europe, Mexico, and Australia. What began as a simple idea — with a delicious fragrance — has become a rewarding opportunity for all who choose to embrace it.

#### The Scentsy Mission

To bring value to the world by providing an industry-leading, family-friendly business opportunity selling creative, artistic, high-quality products that

Warm the Heart, Enliven the Senses, and Inspire the Soul.

#### A Simple System

Distinctive Scentsy Warmers melt specially formulated wax with the heat of a low-watt light bulb or heating element, enhancing your home with more than 80 Scentsy fragrances safely, with no flame, smoke, or soot.

Place one or more sections of a Scentsy Bar into the warmer dish.

3 Enjoy!

To change wax in your Scentsy Warmers, pour completely melted wax into its original packaging, then clean the dish with a paper towel. If the wax is still fragrant, store the used bar in a cool place until you're ready to reuse it.

#### **Light Bulb Scentsy Warmers**

These warmers use a low-watt light bulb to melt wax and provide patterns of light.

#### **Element Scentsy Warmers**

Element Warmers use a heating element to slowly melt wax. You get all the benefits of Scentsy without the light.

#### **Plug-In Scentsy Warmers**

Great for small rooms with limited counter space. All you need is an electrical outlet and a nose.
